Uttarakhand Technical University, Revised M.Tech Ordinance  
(Clarification on Ordinance)

The M.Tech Research ordinance has been modified to suit the candidate from industry such as Applied Mathematics, Computer Application, IT to register M.Tech (Research). The industry applicants can submit research experience and findings for award of degree either based on project report of some project and research data as M.Tech (Research) dissertation if the candidate has B.Tech or equivalent degree approved by AICTE/UGC or parliament such as AIME.

1. The duration of M.Tech (Research) will be half of the duration of Ph.D degree maximum will be two years or minimum 1.5 Years.
2. A Candidate has already Ph.D degree can submit M.Tech (Research) in one year minimum and maximum period of one or two years but topic of research required to be approved by RDC.
3. Industrial experience will be counted as decided in AICTE notification. As mentioned in Assistant Professor/ Associate Professor for Ph.D. 10 Years period therefore for M.Tech 10 years experience is accepted for writing M.Tech thesis and submitted for evaluation for B.Tech degree holders.
4. The M.Tech (Research) for teachers recommended one semester course work, one semester lab work, and two semesters research work on dissertation topic will be evaluated outside university experts. The total credit will be followed as AICTE prescribed 56-62 credits or more.
5. The degree will be specifically mentioned as M.Tech (Research) for industrial experienced candidate and Ph.D holder candidate and M.Tech (Research) with mark sheet and division for cadre. Teacher can be from Polytechnic and UG and PG technical institutions.
