e-Krida Yudh: Esports

Faculty of Technology, a campus institute of Veer Madho Singh Bhandari Uttarakhand Technical University organised its much-anticipated E-sports tournament, **e-Krida Yudh-2024**, showcasing an incredible display of gaming talent, teamwork, and innovation. It was organized collaboratively by the Technical Club (TechShastra), Sports Club, and Cultural Club, embodying the spirit of unity and collaboration under the leadership of Dr. Sandeep Negi, Coordinator of the Technical Club, Mr. Vikash Chauhan, Coordinator of the Sports Club, and Mrs. Anshika Garg, Coordinator of the Cultural Club. The tournament attracted enthusiastic participation from students of Faculty of Technology, Faculty of Management, Faculty of Pharmacy and Women Institute of Technology. It was a multi-day event from 26.11.2024-29.11.2024 which featured popular sports games such as Free Fire, Mini Militia, Valorant, and BGMI, providing a thrilling competitive platform for gamers. Highlights included the intense Free Fire Final and the highly-anticipated BGMI Tournament, where participants exhibited remarkable skills and strategies, keeping audiences engaged and energized.

e-Krida Yudh-2024 was more than a gaming competition. It celebrated teamwork, strategic thinking, and community spirit, offering students a platform to showcase their talents, connect with peers, and embrace the dynamic world of esports. The event's success was a testament to the dedication of the coordinators, participants, and student volunteers whose efforts created a truly unforgettable experience.

CIESZYC 2024 Tech Fest at THDC IHET

The CIESZYC 2024 Tech Fest, held from November 14 to 16 at the THDC Institute of Hydropower Engineering & Technology, was a grand celebration of technology, innovation, and culture. The three-day event featured a vibrant mix of tech and cultural activities, with enthusiastic participation from students across various disciplines.

Among the key tech events were Re-Connecting Wires, Ideathon, Engineer's Gallery, Model United Nations (MUN), Treasure Hunt, and multiple quizzes. These events encouraged students to showcase their skills in problem-solving, innovation, and teamwork. The Open Mic also allowed participants to express their creativity in music, poetry, and performances. The inaugural session was graced by Shri Kishor Upadhyaya Ji, Vidhayak Tehri and the Executive Director of THDCIL, who emphasized the importance of youth involvement in technological advancements. The fest concluded with a grand Valedictory Session, where District Magistrate Shri Mayur Dixit Ji was the chief guest, alongside Shri Rajesh Nautiyal Ji. Their speeches highlighted the role of technology in community development. Director THDC-IHET, Dr. S. K. Pradhan addressed the gathering and provided a brief overview of the tech fest. He also highlighted the im-

portance of such events in engineering colleges, underscoring their role in fostering innovation and enhancing technical skills.

A memorable Celebrity Night featuring Prinka Meher added a celebratory touch to the event, making CIESZYC 2024 a perfect blend of education, competition, and entertainment.

CIESZYC - 2024

Reconnecting Wires is a college-level techfest event designed for ECE and EE students. It challenges participants to apply their technical skills in circuit design and analysis. The event consists of solving circuit-related problems using tools like MULTISIM and MATLAB. Divided into three levels for B.Tech. 1st, 2nd, 3rd and 4th-year students, the questions test both theoretical knowledge and practical implementation. Participants must simulate and analyze circuits, showcasing their understanding of electrical and electronic concepts. The event fosters teamwork, innovation, and real-world problem-solving skills. It is an exciting platform for students to reconnect with core concepts while competing for recognition and rewards.

RECONNECTING WIRES

The Engineers' Gallery Exhibition aimed to showcase innovative solutions and technologies in engineering, focusing on sustainable technology. The event attracted a diverse group of participants, including industry professionals, engineering students, educators, and the general public. The exhibition featured 10 projects in various fields, such as Developing Effective Water Filter Using Coconut Husk, Zeolite and Charcoal, AGROBOT, Using Pine Cone with Aggregate for Producing Concrete, Survey Drone, Defluoridation of water by Herbal Filter, Sewage Treatment Plant, E-Trone, Hybrid Vehicle, Water treatment with filtration process, Modification of Bitumen Using Inner Tyre Tubes

GARHWALI CULTURAL FIESTA

The Garhwali cultural Fiesta was organized to celebrate and showcase the rich cultural diversity within our community. The event offered a platform to share their traditions. The fiesta brought together over 150+ attendees fostering a sense of community pride.

BRIDGE MAKING COMPETITION

The Institution Innovation Council (IIC) organized a **Bridge Making Competition** where students built bridges using ice cream sticks and glue. The task was to create a strong bridge with a unique design. Almost every branch of the college participated in the event, with teams showcasing their creativity and applying basic engineering concepts. The bridges were judged based on their strength, design, and construction quality. This activity helped students learn teamwork and problem-solving while applying their knowledge practically. The event saw enthusiastic participation and innovative designs from all teams.
