

Veer Madho Singh Bhandari Uttarakhand Technical University

An Official State Government University of Uttarakhand

नवप्रवर्तन

The monthly E-Newsletter of VMSBUTU

As we navigate the ever-evolving landscape of higher education and technical excellence, Veer Madho Singh Bhandari Uttarakhand Technical University remains steadfastly committed to fostering academic rigour, driving innovation, and contributing to the development of skilled professionals who shall shape the future of our state and nation.

We encourage you to explore the diverse sections of this newsletter — from monthly highlights and institutional achievements to emerging trends and forthcoming events. Your active engagement and valued feedback are instrumental in making this publication a meaningful resource for our entire university community.

We express our sincere gratitude for being a part of the VMSBUTU readership. Together, let us continue to illuminate the path toward academic excellence, institutional growth, and a knowledge-driven future.

A photograph of Prof. (Dr.) Tripta Thakur, Hon'ble Vice Chancellor of VMSBUTU, seated at her desk. She is wearing an orange sari and is positioned in front of a wooden desk. To her left is a large bouquet of colorful flowers. Behind her are the Indian national flag and the VMSBUTU flag. On the desk to her right is a small Indian flag and some papers. The background is a dark wood panel.

PROF. (DR.) TRIPTA THAKUR

Honb'le Vice Chancellor, VMSBUTU

Hon'ble Vice Chancellor's Message

India's journey towards a technologically advanced and sustainable future is creating new opportunities for innovation, research, and skill development across the engineering and technology landscape. As the nation embraces digital transformation, clean energy, and smart infrastructure, higher education institutions have a vital responsibility to prepare competent professionals capable of addressing emerging challenges with knowledge, integrity, and innovation.

At Veer Madho Singh Bhandari Uttarakhand Technical University, we are committed to fostering academic excellence through quality education, research, industry collaboration, and experiential learning. By promoting innovation, interdisciplinary knowledge, and professional competence, we strive to equip our students with the skills and confidence required to contribute meaningfully to national development.

As we move forward, I encourage our students, faculty members, researchers, and stakeholders to continue pursuing excellence and embracing lifelong learning. Together, let us contribute towards building a skilled, innovative, and self-reliant India, aligned with the vision of Viksit Bharat 2047.

Highlights Of The Month

Hon'ble Vice Chancellor Represents India at WePOWER South Asia Conference 2026

Prof. (Dr.) Tripta Thakur, Hon'ble Vice Chancellor, Veer Madho Singh Bhandari Uttarakhand Technical University and Chair, WePOWER India National Chapter, represented India as a distinguished panelist at the 4th Conference of the South Asia Women in the Power Sector Professional Network (WePOWER), held on 4–5 June 2026 in Negombo, Sri Lanka. During the National Chapters Plenary Session, Prof. (Dr.) Thakur highlighted India's experiences, achievements, and collaborative initiatives in promoting women's participation in the power sector and STEM education.

The session brought together National Chapter Chairs from Bangladesh, Bhutan, Nepal, Pakistan, and Sri Lanka to deliberate on regional cooperation, workforce development, and strategies for strengthening opportunities for women professionals across the energy sector. Her participation underscored the University's commitment to international academic engagement, leadership in the energy sector, and the promotion of gender diversity and capacity building in science and technology. Prof. (Dr.) Thakur was accompanied by Dr. Vartika Pant and Dr. Shilpi Mittal during the conference.

International Yoga Day 2026: Promoting Holistic Well-being and Environmental Sustainability

In her message, the Hon'ble Vice Chancellor highlighted yoga as an invaluable heritage of India that nurtures physical, mental, and emotional well-being. Emphasising that healthy living and environmental protection are fundamental pillars of sustainable development, she encouraged the youth to adopt these values as an integral part of their lives. Following the yoga session, a plantation drive was undertaken within the University campus, reaffirming the University's commitment to a greener, healthier, and more sustainable environment.

Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun, celebrated International Yoga Day 2026 by organising a Yoga Session on the theme "Yoga for Healthy Ageing" along with a plantation drive under the theme "Ek Kadam Prakriti Ki Ore".

Organised under the guidance of Hon'ble Vice Chancellor, Prof. (Dr.) Tripta Thakur, the programme aimed to promote a healthy and balanced lifestyle through the practice of yoga while reinforcing awareness towards environmental conservation and sustainable living.

The programme witnessed enthusiastic participation from the Registrar, Dr. Rajesh Upadhyay, Heads of Departments, faculty members, officers, staff, and students.

Hon'ble Vice Chancellor Speaks on AI and the Future of Education at Amar Ujala Samvad Uttarakhand 2026

Prof. (Dr.) Tripta Thakur, Hon'ble Vice Chancellor, Veer Madho Singh Bhandari Uttarakhand Technical University, participated as a distinguished panelist at the Technical Session of Amar Ujala Samvad Uttarakhand 2026, where she shared her insights on the transformative role of Artificial Intelligence (AI) in education, innovation, and workforce development. Addressing the gathering, Prof. (Dr.) Thakur highlighted that while AI presents new challenges, it also offers immense opportunities by creating future-ready careers and driving technological advancement.

She emphasised the importance of practical skill development, continuous learning, and industry-oriented training to prepare graduates for the evolving demands of the digital economy.

Stressing the significance of stronger academia-industry collaboration, she underscored the need to align academic curricula with emerging industry requirements to develop a competent and future-ready workforce. The session served as an important platform for deliberating on the opportunities and challenges of AI in shaping the future of higher education, innovation, and skill development.

Hon'ble Vice Chancellor Attends Culmination Programme of Nasha Mukh Bharat Saptah 2026

Hon'ble Vice Chancellor, participated as a distinguished guest at the Culmination Programme of Nasha Mukh Bharat Saptah 2026, organised by Dev Sanskriti Vishwavidyalaya, Haridwar, in collaboration with the Ministry of Social Justice and Empowerment, Government of India, on the occasion of the International Day Against Drug Abuse and Illicit Trafficking.

The programme was graced by eminent dignitaries, including Dr. Virendra Kumar, Hon'ble Union Minister for Social

Justice and Empowerment, Government of India; Dr. Dhan Singh Rawat, Hon'ble Minister, Government of Uttarakhand; Pujya Swami Chidanand Saraswati Ji; Dr. Chinmay Pandya; along with distinguished academicians and other eminent guests. Organised as part of the Centenary Year Celebrations of All World Gayatri Pariwar, the event reinforced the importance of value-based education, social responsibility, and collective efforts towards national development. Prof. (Dr.) Tripta Thakur's participation reaffirmed the University's commitment to promoting youth empowerment, social awareness, and a healthy, drug-free society through education, community engagement, and collaborative action.

Hon'ble Vice Chancellor Visits Gurukul Kangri (Deemed to be University), Haridwar

Prof. (Dr.) Tripta Thakur, Hon'ble Vice Chancellor, Veer Madho Singh Bhandari Uttarakhand Technical University, visited Gurukula Kangri (Deemed to be University), Haridwar, where she held a cordial meeting with Hon'ble Vice-Chancellor, Prof. Pratibha Mehta Luthra, to discuss matters of academic interest & opportunities for strengthening institutional collaboration.

During the visit, Prof. (Dr.) Thakur toured the University's Museum and the Faculty of Engineering & Technology, gaining valuable insights into its rich academic heritage, research ecosystem, and the harmonious integration of traditional values with modern education. The interaction provided an opportunity for exchanging ideas on advancing academic excellence, innovation, and collaborative initiatives in higher education.

Hon'ble Vice Chancellor Meets Director General, NIELIT

Prof. (Dr.) Tripta Thakur, Hon'ble Vice Chancellor, Veer Madho Singh Bhandari Uttarakhand Technical University, held a meeting with the Director General of the National Institute of Electronics & Information Technology (NIELIT) to discuss prospective areas of collaboration and matters of mutual interest between the University and the Institute. The interaction focused on exploring opportunities for academic partnership, skill development, capacity building, and collaboration in emerging areas of technology and digital education.

Discussions also emphasised strengthening institutional cooperation to enhance students' learning experiences, promote innovation-driven education, and support the development of industry-relevant competencies. The meeting reflected the University's continued commitment to forging strategic partnerships with leading national institutions for advancing academic excellence, technological innovation, and holistic capacity building.

Hon'ble Vice Chancellor Chairs WePOWER India Chapter Strategic Review Meeting

Prof. (Dr.) Tripta Thakur, Hon'ble Vice Chancellor, Veer Madho Singh Bhandari Uttarakhand Technical University, and Chair, WePOWER India Chapter, chaired the WePOWER India Chapter Strategic Review & Sustainability Planning Meeting held at the World Bank Office, New Delhi.

The meeting brought together eminent representatives from the World Bank, leading power utilities, industry, academia, and WePOWER member organisations to deliberate on the future roadmap of the India Chapter. The discussions focused on ensuring the long-term sustainability of WePOWER, strengthening women's participation and leadership in the power sector, advancing STEM education and capacity-building initiatives, fostering industry-academia collaboration, and promoting an inclusive and equitable energy transition. As Chair of the WePOWER India Chapter, Prof. (Dr.) Tripta Thakur reaffirmed the collective commitment to empowering women professionals, encouraging diversity and leadership in the energy sector, and building a resilient, innovative, and sustainable power ecosystem through collaborative partnerships and knowledge sharing.

Dr. APJ Abdul Kalam Govt. Institute of Technology, Tanakpur

World Environment Day Celebrated with Cleanliness Drive and Tree Plantation

The National Service Scheme (NSS) Unit of Dr. A.P.J. Abdul Kalam Government Institute of Technology (AKGIT), Tanakpur celebrated World Environment Day by organising a Cleanliness Drive and Tree Plantation Programme to promote environmental awareness and sustainability. The programme commenced with sapling plantation, followed by a campus-wide cleanliness drive involving over 100 students, NSS volunteers, faculty members, and staff. Addressing the participants, Director Prof. Hardwari Lal Mandoria emphasised the importance of environmental conservation and encouraged sustainable practices. The programme concluded with an environmental pledge, reaffirming the Institute's commitment to a cleaner, greener, and healthier future.

Kshitij-2026: Grand Farewell Ceremony for the Graduating Batch

Dr. A.P.J. Abdul Kalam Government Institute of Technology (AKGIT), Tanakpur organised "Kshitij-2026", a farewell ceremony for the graduating Batch of 2022-2026, in the presence of Director Prof. Hardwari Lal Mandoria, faculty members, staff, and over 200 students. The programme featured cultural performances and student activities, with Uttam Tiwari and Riya Kanyal crowned Mr. Farewell 2026 and Miss Farewell 2026, respectively. Addressing the gathering, Prof. Mandoria encouraged the graduating students to uphold the values of knowledge, discipline, and integrity in their professional journey. The event concluded with students sharing their memories, marking a memorable farewell to the outgoing batch.

Institute of Technology, Gopeshwar

World Environment Day Celebration

Government Institute of Technology (GIT), Gopeshwar, celebrated World Environment Day on 5 June 2026 with a programme promoting environmental conservation and sustainable development. Students showcased innovative projects, including a Waste Management System, Traffic Management System, and Agriculture-Based Projects, demonstrating technology-driven solutions to environmental challenges. Director Dr. Amit Agrawal appreciated the students' innovation, emphasised the importance of environmental conservation, and administered a pledge for a clean, green, and sustainable future. The programme highlighted the Institute's commitment to integrating technical education with innovation and environmental responsibility.

CSE Final-Year Students Achieve Research Milestone with 11 Publications

Final-year students of the Computer Science and Engineering (CSE) Department, Government Institute of Technology (GIT), Gopeshwar, published 11 research papers in reputed national and international journals, including IJERT, JETIR, and IJCRT, with several additional papers under review in Scopus-indexed journals. Congratulating the students, Director Dr. Amit Agrawal described the achievement as a reflection of the Institute's growing research culture. He also appreciated the guidance of Mrs. Monika Bartwal, Head of the Department, and the faculty members for fostering innovation and research excellence.

Government Institute of Technology, Gopeshwar Celebrates International Yoga Day 2026

The Government Institute of Technology (GIT), Gopeshwar celebrated International Yoga Day 2026 on 21 June 2026 by organising a Yoga and Pranayama session to promote physical, mental, and spiritual well-being. The programme was conducted under the leadership of Director Dr. Amit Agrawal and witnessed enthusiastic participation from faculty members and staff. The session was conducted by yoga expert Mrs. Apoorva Gupta, who guided participants through various yoga asanas, pranayama, and meditation techniques while highlighting the importance of regular yoga practice in maintaining a healthy and balanced lifestyle. Participants collectively performed the yoga session and pledged to adopt healthier lifestyle practices. Dr. Amit Agrawal highlighted yoga as an invaluable part of India's cultural heritage and encouraged students and staff to adopt it as a part of their daily routine for a healthy and balanced life.

CSE Students Present AI-Based Waste Management System

Final-year CSE students of GIT, Gopeshwar presented an AI-based Waste Management System on 6 June 2026 before Mr. Sandeep Rawat, Chairman, Gopeshwar-Chamoli Municipal Council. The project, developed by Gaurav Kumar,

Ajay Sati, Rohit Shah, Ashutosh Pawar, and Anurag Arya, aims to improve urban sanitation through intelligent waste monitoring and collection. Mr. Rawat appreciated the initiative, noting its potential to support cleaner and smarter cities.

Students Secure Prestigious Placements

Final-year students of the Computer Science and Engineering (CSE) Department, Government Institute of Technology (GIT), Gopeshwar, developed an AI-Based Smart Agriculture Project to support sustainable farming through soil testing, fertility analysis, crop recommendation, and nutrient assessment. The project was presented on 6 June 2026 before Director Dr. Amit Agrawal and Agriculture Officer, Gopeshwar-Chamoli, Mr. J. P. Tiwari.

Developed by Sandeep Negi, Ayush Kumar Sati, Anurag Purohit, and Pankaj Bisht, the project demonstrates the effective application of Artificial Intelligence to enhance agricultural productivity and promote technology-driven farming solutions.

Government Institute of Technology, Gopeshwar Organises Farewell Ceremony for Graduating Students

The Government Institute of Technology (GIT), Gopeshwar organised a farewell ceremony on 18 June 2026 to bid a warm farewell to its graduating final-year students. The programme brought together students, faculty members, and staff to celebrate the achievements and memorable journey of the outgoing batch.

Addressing the gathering, Director Dr. Amit Agrawal congratulated the students and encouraged them to pursue their professional careers with dedication, integrity, and confidence while upholding the values of the Institute. Faculty members also extended their best wishes, and the graduating students expressed their gratitude for the guidance and support received throughout their academic journey. The programme concluded with the presentation of mementos and group photographs, marking the beginning of a new chapter in the students' lives.

THDC Institute of Hydropower Engineering & Technology, Tehri

THDC-IHET Renames Seminar Hall in Honour of Late Squadron Leader Prashant Singh

THDC Institute of Hydropower Engineering and Technology (THDC-IHET), Tehri renamed its seminar hall as the "Squadron Leader Prashant Singh Memorial Hall" in honour of its distinguished alumnus, Late Squadron Leader Prashant Singh (ECE, Batch 2012–2016) of the Indian Air Force, who made the supreme sacrifice while serving the nation. Director Prof. S. K. Pradhan stated that the initiative pays tribute to the officer's legacy and will inspire future generations to uphold the values of patriotism, courage, duty, and selfless service.

THDC-IHET Organises "UDAAN" Child Education and Motivation Initiative

The THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri successfully organised the "UDAAN" Child Education and Motivation Initiative to promote educational awareness, digital literacy, and holistic development among underprivileged children from nearby villages. The programme included educational sessions, storytelling, quizzes, drawing competitions, computer awareness activities, and the distribution of study materials. Outstanding participants were felicitated during the valedictory session. The initiative reflected the Institute's commitment to community outreach, inclusive education, and empowering young minds through learning and digital awareness.

THDC-IHET Organises Women Hygiene and Menstrual Health Awareness Programme

The Hygiene Club of THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised a Women Hygiene and Menstrual Health Awareness Programme on 4 June 2026 to promote awareness on menstrual hygiene, infection prevention, personal cleanliness, and healthy lifestyle practices.

The programme included expert sessions, interactive discussions, and a poster campaign on menstrual hygiene, sanitation, and personal health. The initiative reflected the Institute's commitment to promoting health awareness, gender sensitisation, and holistic well-being among students.

THDC-IHET Organises Two-Day Ideathon on Climate Change and Sustainable Energy

The Environment Club of THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised a two-day Ideathon on "Climate Change and Sustainable Energy" on 4-5 June 2026, providing a platform for students to present innovative ideas addressing environmental challenges and sustainable development.

Director Prof. (Dr.) S. K. Pradhan felicitated the winners and participants and encouraged students to adopt sustainable practices and technology-driven solutions for environmental conservation. The programme reflected the Institute's commitment to promoting innovation, environmental awareness, and responsible technological development.

THDC-IHET Organises Network Design and Security Implementation Competition

The Binary Code Club of THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised a Network Design and Security Implementation Competition on 6 June 2026, with participation from over 110 second- and third-year CSE students.

The competition provided hands-on experience in network design and cybersecurity using Cisco Packet Tracer. Abhash Katiyar and Team, Priya Mishra and Team, and Divyanshu Dhyani and Team secured the top positions. The event reflected the Institute's commitment to promoting industry-oriented technical skills and experiential learning in emerging technologies.

SDG Club Organises Social Awareness Programme on Gender Equality and Quality Education

- The Sustainable Development Goals (SDG) Club of THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised a Social Awareness Programme on Gender Equality and Quality Education at Village Dibnu, Tehri Garhwal, on 5 June 2026.
- Students presented a street play highlighting gender equality, equal opportunities, and the importance of quality education, creating awareness about the Sustainable Development Goals (SDGs). The programme promoted community engagement while strengthening students' communication, leadership, and social responsibility.

Community Service Club Organises Community Welfare Donation Drive

The Community Service Club of THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised a Community Welfare Donation Drive to support underprivileged and economically disadvantaged members of the community. Students and faculty members contributed essential items, including clothing, footwear, books, and stationery, which were distributed to beneficiaries by club volunteers. The initiative promoted compassion, social responsibility, and community service, reflecting the Institute's commitment to humanitarian values and inclusive social development.

THDC-IHET Organises Industrial Visit to Bharat Electronics Limited (BEL), Kotdwara

The THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised an industrial visit to Bharat Electronics Limited (BEL), Kotdwara on 12 June 2026 for 24 students to provide practical exposure to advanced electronics manufacturing, defence technologies, and industrial practices.

A key highlight of the visit was a technical session on 'Kavach', India's indigenous Automatic Train Protection (ATP) system, which provided students with valuable insights into modern railway safety technologies and indigenous technological innovations.

Project Discussion Session Conducted for Mechanical Engineering Students

The THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri organised a Project Discussion Session for students of the Mechanical Engineering Department to strengthen the quality and practical relevance of their academic projects. During the session, the Director reviewed ongoing projects and encouraged students to develop innovative, application-oriented solutions by focusing on research, systematic methodologies, technical documentation, and effective presentation. The initiative reinforced the Institute's commitment to promoting innovation and research-oriented engineering education.

Faculty Member Participates in Geo-informatics Training Programme at IIT Roorkee

Mr. Jyoti Prakash Semwal, Assistant Professor, Department of Civil Engineering, THDC Institute of Hydropower Engineering and Technology (THDC-IHET), New Tehri, participated in the Faculty Training Programme on "Evolving Geo-informatics and Applications" at IIT Roorkee from 22–26 June 2026.

The programme focused on advancements in Geographic Information Systems (GIS), remote sensing, and spatial analysis, enhancing participants' technical expertise and promoting the integration of geospatial technologies into teaching and research.

30 Students Selected for Summer Internship at Buildsy Retail Technologies

The Faculty of Technology, Veer Madho Singh Bhandari Uttarakhand Technical University, achieved a significant milestone as 30 students secured selection for the Summer Internship Programme at Buildsy Retail Technologies.

The internship provides students with valuable industry exposure through real-world projects, enabling them to strengthen their technical knowledge, problem-solving abilities, teamwork, and professional competencies. This achievement reflects the students' dedication, technical proficiency, and readiness to meet industry expectations while highlighting the effectiveness of the Faculty's industry-oriented academic environment and training initiatives.

The University extends its heartfelt congratulations to all the selected students and appreciates the continuous efforts of the Training and Placement Cell in facilitating meaningful career opportunities. The University wishes the students continued success and a rewarding learning experience during their internship.

Reporting Process Underway for B.Tech and M.Tech Admissions 2026–27

- The Faculty of Technology, Veer Madho Singh Bhandari Uttarakhand Technical University, is successfully conducting the reporting and admission process for the B.Tech. programmes in Computer Science & Engineering and Cyber Security, and the M.Tech. programme in Structural Engineering for the Academic Session 2026–27.
- Candidates allotted seats through the University's online counselling process are reporting to the campus to complete admission formalities. Comprehensive arrangements, including dedicated help desks and admission support teams, have been established to facilitate document verification, fee submission, and academic counselling, ensuring a smooth and transparent admission process.
- Faculty members and admission coordinators are providing detailed information regarding academic programmes, curriculum, laboratory infrastructure, placement opportunities, scholarships, hostel facilities, and campus life. The Faculty looks forward to welcoming the incoming batch and wishes all newly admitted students a successful and enriching academic journey.

VMSBUTU marks IYD with Yoga & plantation

DEHRADUN: Veer Madho Singh Bhandari Uttarakhand Technical University (VMSBUTU) organised a special Yoga session and a plantation drive to mark International Yoga Day on Sunday. The programme was conducted under the guidance of vice chancellor Tripta Thakur. Yoga instructor Sadhana Singh conducted the session and highlighted the significance of Yoga, Pranayama and meditation in achieving physical well-being, mental balance, and spiritual growth. Thakur said that Yoga is an invaluable legacy of Indian culture that empowers individuals physically, mentally, and emotionally. She further emphasised that a healthy lifestyle and environmental conservation are fundamental pillars of sustainable development, and encouraged young people to imbibe these values in their daily lives. A plantation drive was also held on campus to mark the occasion.
