

!!Vice Chancellor's Message to Alumni of Uttarakhand Technical University!!

Dear UTU Alumni,

It gives me immense pleasure to share that the Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun (Formerly Uttarakhand Technical University) popularly known as UTU has endeavored to set up UTU Alumni Association with the aim of strengthening networking amongst the alumni and harness their potential for holistic development of students and institutions together. Undoubtedly, the University notified on 27th January 2005 is still in its teens, but the experiences of its young alumni are highly relevant for the present students in their making as successful professionals. You are the ambassadors of your institution of study in particular and the UTU in general. The alumni possess a great opportunity of promoting the interest and welfare of the University, its institutions and fellow alumnus/alumna.

The University has the mandate for imparting quality technical education as Uttarakhand's State Technical University in an affordable range to students belonging to diverse socio-economic backgrounds. This is becoming quite challenging in the present time when higher education is undergoing fast expansion with dynamism to meet the aspirations of education seekers.

Looking around, one can find a lot of measures taken by educational institutions to increase their visibility which creates a perception about them and in turn affects the choices of the students. Therefore, the alumni have an onerous responsibility to provide appropriate feedback to keep their University and Institutions up to date and also participate in the institution building depending upon their capabilities. The alumni are one of the important stakeholders that can play a pivotal role in handling various challenges faced by the technical and professional education imparted by this University through its institutions. This makes it obligatory for each alumnus/alumna to help their alma mater and the upcoming generations of professionals for sustainable civilization and continued growth of science & technology for good of humanity at large. At the same time, the university and its institutions have to take a call to reach out to its alumni and sensitize alumni for sharing the treasure of talent available with them. The huge family of the University comprising its institutions and students looks forward to getting all possible support from its alumni in all domains to remain relevant and worthwhile.

I earnestly appeal to all the alumni to please extend their support by the way of informing the key contacts, holding placement activities or otherwise through e-mail which may be contacted for placement by the University authorities. Further, I also request you to please share the specific initiatives in your mind that need to be considered by the University to cater for the present and future requirements.

I look forward to your cooperation and support in strengthening the University, its institutions, and students for overall improvement.

Best Wishes!

**Prof. Onkar Singh
Vice Chancellor**

**Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun, Uttarakhand
(Formerly Uttarakhand Technical University, Dehradun)**
