

09th June, 2023

Respected Hon'ble Governor and Chancellor Sir,

With great pleasure, it is informed that the **Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun**, completed virtual sessions of the **Soft Skills Program (SSP)** to benefit students and faculties from **24th April through 10th May, 2023**. The SSP was delivered by Prof. (Dr.) Manu K. Vora, a distinguished Resource Faculty from the United States.

The SSP focus was on **Skilling, Re-Skilling, Up-Skilling, and Talent Reinvention through Critical 'Soft Skills' or 'Life Skills'** - one of the AICTE ATAL Academy FDP on Soft Skills for NEP 2020 Implementation (2021-22 and 2022-23). The SSP has added value in improving the Teaching-Learning processes for faculty as a part of the NEP 2020 Implementation. The students have benefited from the SSP by learning industry readiness skills, and thus improving their employability.

The six sessions of SSP (**Leadership, Decision Making, Time Management, Teamwork, Project Management, and Career Development Guidance**) were all synergistic, leading to a mastery in project management, and then applying project management skills to solve Society's real problems. This SSP initiative will also strengthen the Unnat Bharat Abhiyan 2.0, which requires Community Based Participatory Research through projects.

The SSP attachment shows the details including **program effectiveness (99.1-99.4%), program reach (2,860+ views)**, at the **Web link: <https://uktech.ac.in/en/page/SSP>**.

Sir, we look forward to soliciting your input, guidance, and leadership in taking this program to greater heights.
