## **Academics**

The university is running all programmes with multiple entry and exit as per National Education Policy 2020 in the Ordinances with a Choice-Based Credit System. The major and minor degree options are available in some programmes. Presently, the university has 215

variants of B. Tech. (including Major and Minor), 09 LLM,BBA, 08 MBA, 18 M.Tech., BHMCT, MHM, B. Pharm., M. Pharm., BCA, MCA, MBA (Integrated), MBA (Part-time), BALLB, BBA LLB, LLB, Pharm. D. And PhD programmes in all disciplines.

Minor degree option is available in B.Tech. after earning a minimum 20 additional credits in selected domains namely Artificial intelligence & machine learning; Cyber security; Data science; Internet of things; Power systems / Power & energy systems; Power electronics, electrical machines and drives; Control systems; Electrical Instrumentation; Robotics and automation; Additive manufacturing; Business administration; energy system engineering; Industry operations management; RF and microwave engineering; VLSI design; Communication system; Signal processing; Basic civil engineering; Environmental engineering; Geoinformatics engineering.

The specializations in MBA include – Finance; Human Resource Management; Marketing; International Business; Agri-Business Management; Rural Development; Business Analytics; Supply Chain Management; Healthcare Management; Data Sciences; and Fin-Tech.

After due deliberations, the LLM programme has been converted from one year programme to two year programme as per provisions of Bar Council of India / UGC with effect from session 2024-25. The specializations in LLM include- Constitutional and Administrative Law; Corporate and Commercial Law; Criminal and Security Law; Family Law; Human Rights Law; Law, Policy and Good Governance; International Comparative Law; Environmental Law and Policy.

Summer semester facility is being successfully offered to those students who are not eligible for promotion to the next year of study due to insufficient credits earned by them in odd and even semester examinations of the preceding year.

The attendance management system created on the University Management System has been effectively used for repeated directions/warnings to students to attend the classes and meet the minimum class attendance requirements, failing which a sizeable number of students were debarred from end-semester examination in even semester 2023-24 session. This has helped in sensitizing the students towards classroom interactions for better quality of teaching-learning processes.

The university established UTU e-Library with access rights to all Bonafide students and faculty members who have been provided the email address with the university domain name.

Admission to all programmes run in the affiliated & campus institutions of the University was held through a single window online admission counselling portal set up in the university management system on the web portal of the university. The reservation policy as prescribed by the State Government is being strictly adhered to and the provisions are made for multiple online spot rounds of counselling to ensure a maximum number of admissions across the institutions. There has been an increase in the number of admissions to 8092 in session 2023-24 from 7401 in session 2022-23.

The academic session 2023-24 has been run strictly as per the Academic Calendar prescribed by the University. The teaching activities, examinations with real-time monitoring of the exam conduction, scanning of answer books and onscreen evaluation, online showing of evaluated answer books followed by the result preparation and declaration of results have been as per schedule.

As per the decision of the Examination Committee, some institutions were debarred from being examination centres due to unfair practices reported therein and the prevailing norm of 100% self-examination centres has been cancelled. Also, 03 examination centres were converted into university-controlled examination centres. The examinations were conducted successfully in both semesters in session 2023-24 with the engagement of 123 Observers, and 22 Flying squad members.

University successfully conducted the 7<sup>th</sup> Convocation on 10<sup>th</sup> October 2023 in which the degrees were issued in three languages namely English, Hindi, and Sanskrit for the first time, from session 2022-23. In this convocation 59 PhD degrees and 52 Gold Medals, 52 Silver Medals, and Smt, Vinod Devi Agrawal Memorial Gold Medal to overall B. Tech. topper was distributed. Honorary Degrees of D.Lit. and D.Sc. were conferred upon Sh. S. Somanath, Chairman Indian Space Research Organization and Padmashri Dr. H. C. Verma Professor (Retd.), Indian Institute of Technology, Kanpur.

A “Counsellor – Counselee programme” was started for mentoring of first-year students in University campus institutions.

The “Scholar at a Glance” facility was started for ease of students and parents/guardians to see the performance of students and get consolidated marks statements.

An online feedback system has been put in place through the University Management System set up on the university web portal. Online student feedback on 41 attributes has been taken from all students by integrating it as a prerequisite to access the evaluated answer book for viewing. The institutions have been mandated to take feedback from all stakeholders such as the Parent Feedback form, Employer/Recruiter Feedback form, and Teacher's Feedback form. Based on compiled online feedback from students for every teacher, the final scores have been sent to the Director of the respective institute for sharing with the teacher concerned for self-improvement.

## **Governance**

The university has established effective governance through the setting up of the University Management System (UMS). This digitalization of processes and online transactions with the affiliated & campus institutions has made the university ecosystem fair, transparent, accountable and responsive. University Management System– web-based ERP solution takes care of its activities like affiliation, admission, enrolment, academic monitoring, assessment and examination, digital evaluation, result processing, the printing of marksheets, certificates, degree printing, feedback system, financial management, legal case monitoring, leave management system, store inventory, etc.

The affiliation portal of the University is working well in coherence with the affiliation portal of the Raj Bhawan, Uttarakhand.

With the use of technology, the University has got rid of centralized question paper printing and its distribution to examination centres through nodal centres from odd semester examinations of the academic session 2022-23. From the examinations held in January 2022, the question papers are shared with every examination centre in encrypted and password-protected form 30-45 minutes before the scheduled commencement of the examination, and this is being successfully practiced in all examinations conducted by the university. The model question papers are uploaded on the University website for easy reference of the students.

Also, for complete transparency and accountability, the university is successfully carrying out digitalization of all answer books, onscreen evaluation by evaluators any time from anywhere as per access provided to them, and on-screen showing of evaluated answer books to the students along with providing the opportunity to students for raising their concerns about evaluation, if any, before the result declaration. The result statistics and performance of institutions are released on the university web portal for the benefit of the institutions.

All transactions with the PhD scholars have also been started through the University Management System from the academic session 2023-24.

To circumvent the geographical limitations felt by the affiliated & campus institutions spread across Uttarakhand, the university is endeavouring to make its all transactions online and digital for effective governance, access to all, and smooth functioning.

### **University Campus Institutions**

After the decision of the State Government to convert the 5 engineering institutions into campus institutions in May 2023, the University approved their new logo and letter pad and the campus institutions are being run well under the superintendence of Executive Council of the University.

Following the prescribed process for appointment of a Director in engineering institutions, the university appointed Director in its three campus institutions namely Dr A. P. J. Abdul Kalam Institute of Technology Tanakpur, Nanhi Pari Seemant Engineering Institute Pithoragarh, and Institute of Technology Gopeshwar with Dr H. L. Mandoria, Dr V. K. Singh, and Dr Amit Agrawal respectively with the approval of State Government, out of which Dr. V K Singh did not join and the process is ongoing for regular recruitment of Director at Pithoragarh campus institute.

The university appointed 65 Assistant Professors (Short-term engagement) for a period of 11 months in different campus institutions through a national-level recruitment notification and processing as per AICTE / UGC norms.

Two university campuses at Dehradun (Women Institute of Technology) and Tanakpur (Dr APJ AKIT) were selected as centres for the ISRO-START 2024 initiative of the Indian Space Research Organization.

### **Training & Placement and Skill Development**

For strengthening skill development and enhancing employability, provisions have been created in the curriculum by allocating slots for internships in two stages in a year program. The 90 online skill development programs have been started for students through NASSCOM. NSDC-sponsored upskilling programs sponsored by Reliance Foundation through Kedman Pvt. Ltd., and value-added programmes through Softpro Pvt. Ltd are also being offered for the overall skill development of students. All affiliated & campus institutions have been mandated to start employability enhancement programmes suiting their students. Also, all institutions have chosen UN sustainable development goals for undertaking all initiatives in the selected goal areas.

Every institution has been mandated to adapt at least one village under the Adapt a Village scheme to deploy its students for real-life exposure and field experience to strengthen their multiple skills.

The university started the Summer Internship scheme with a stipend of Rs. 6000/- per month from session 2023-24 and 6 problem statements were given to 12 students for completing their summer internship in the University in June 2024.

The pool campus activities have been started in the University premises in Dehradun in which students from its affiliated / campus institutions participate. Attempts are being made to facilitate the internships and placements for the students across the state by setting up an internship & placement portal that will help students prepare themselves for placements, avail internship opportunities, and seek placement services.

### **Research & Development and Quality Assurance**

The university has set up a Research cum Teaching Fellowship scheme for the PhD scholars who will be getting a fellowship of Rs. 20000/- per month and a contingency of Rs. 30000/- per year for a period of 3 years. These research fellows have to undertake a teaching load of up to 10 periods in week along with pursuing research work.

The Ph.D. admission process was held in January 2024 and June 2024. Two research scholars have been admitted under this scheme in June 2024 Ph.D. Admission process. A total of 24 Ph.D. scholars completed their Ph.D. degree.

A Research Incentive scheme has been created for recognizing the research publications in prescribed journals. Under this scheme, the faculty members/research scholars in the university are provided with cash awards/incentives as detailed in the scheme.

For nurturing innovation and entrepreneurship, the university has started a minor project funding scheme for its students studying in all affiliated & campus institutions. To encourage the faculty members, the Best Teacher Award and Best Researcher Award for the year 2023 were distributed to 05 teachers (03 Engg. + 02 Pharmacy: Best Teacher Award) and 01 teacher (Best Researcher Award) respectively on Teachers Day i.e. 5<sup>th</sup> September 2023.

Through this annual report, I am happy to put it on record that the University is making significant strides in providing high-quality technical education under prevailing circumstances. Despite past challenges and declining admissions, we are persevering hard to inculcate the best practices for wholesome technical & professional education, and a worthy culture rooted in honesty, transparency, accountability, and integrity. Our commitment to quality, timely delivery, and ethical practices has fostered a positive impact on the higher technical education landscape of Uttarakhand.

I extend my sincere gratitude to the leadership, faculty, staff, and students at the affiliated & campus institutions, officials & staff members of the university, the Hon'ble Chancellor, Hon'ble Minister of Technical Education and all other officials for their dedication and affirmative contribution to the ongoing transformations. I am confident that by creating an ecosystem of higher technical & professional education to nurture the holistic development of our students, the university will empower them to address the pressing challenges of sustainable development.

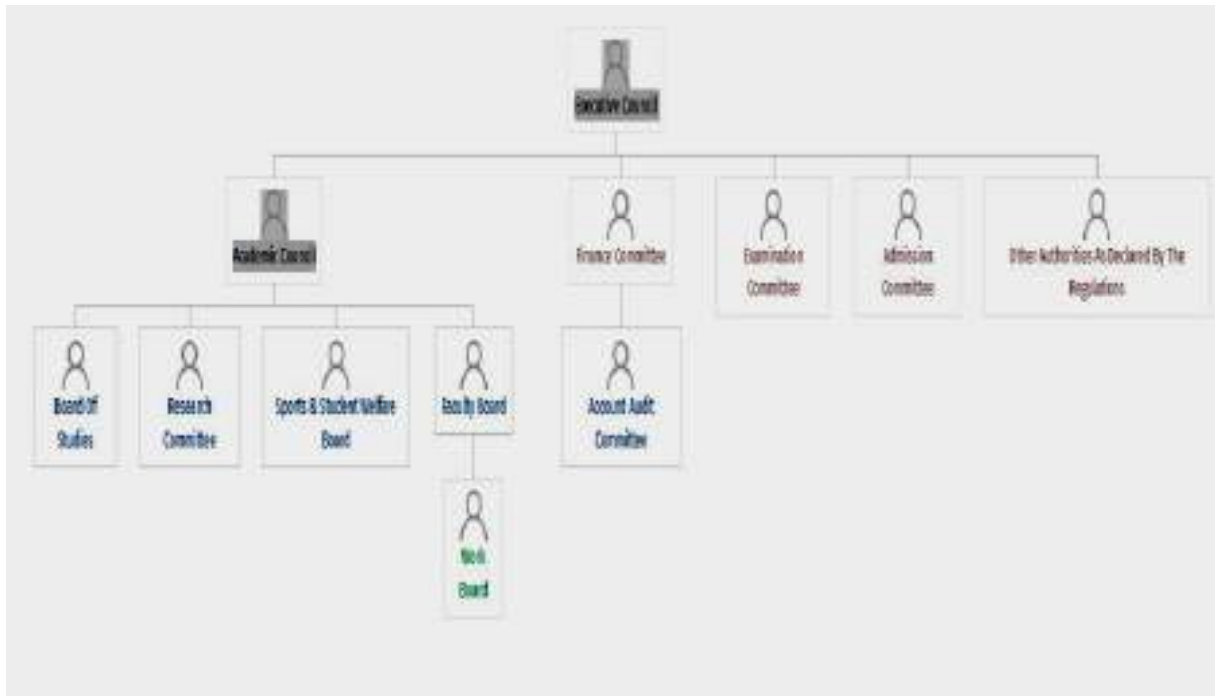

At the end, I seek the cooperation of all concerned in the university's journey of "Excellence with Accountability".

Thank you all for your continued support in the university's journey to strengthen technical and professional education.

**Jai Hind!**
